TIMETABLE NOTES

SUMMER TIMES APPLY FROM 1st July to the second Sunday of September

There are several buses daily on the [Messines - Silves - Lagoa](#) route that pass by along the main road about 100 yards/metres away from the station. For times please see table 8
 Buses from Silves towards Lagoa pass the station about 5 minutes after leaving Silves.
 Buses from Lagoa towards Silves pass about 5 minutes before arrival at Silves.

The bus stops are on the main road; exit station and turn right at the level (grade) crossing.

You will see the bus stops. Cross the road to the stop outside Café Forinho do Estação for buses into Silves.

From the station into town it is about 20 minutes walk, downhill but mostly along a busy road with no footpath but the reward is very good views of the town across the river valley. It's uphill almost all the way back!
